AFFIDAVIT OF RICHARD WAYNE WRIGHT, SR., BEY

BEFORE ME, _____, a Notary Public in and for said County and State of Alabama at Large, personally appeared RICHARD WAYNE WRIGHT, Sr. Bey, A.I.S.# 187140 who being known to me and being by me first duly confirms, deposes and says under oath as follows:

My name is RICHARD WAYNE WRIGHT, SR. BEY A.I.S.# 187140, I am presently incarcerated at Elmore Correctional Facility, Dorm C-1 Bed 26-B; Post Office Box # 8; Elmore, Alabama 36025. I am over the age of twenty-one (21) years. I am personally familiar with all the facts set forth in this affidavit.

On June 27, 2008 Friday approximately 10:15 p.m. (3rd) shift there was a disturbance in the dorm C-1. Prison Officials order every inmate to report to their assigned Bed. Neither Sgt. Burke (Co.II) (B/M) Nor Lt. Person (CoS.I) (B/M) were able to discover what the gathering (disturbance) was about. Sgt. Burke made an announcement 'to some effect' he does not know what type of games we are playing, so just stay on your 'rack' (assigned bunk) Ofc. Over (Co.I) (B/M) came directly one (1) bunk over from where in I were searching through my legal material while they Sgt. Burke and Lt. Person had access to my legal papers all night long (3rd) shift (while being held in the shift office lobby) for observation June 18, 2008 Wednesday through June 19, 2008--Thursday (to or about) 7:00 a.m. After such time I was escorted to the back gate and sent to the back of the laundry (in side the cage) for approximately five (5) hours. Finally Sgt. I Patrick (Co.II) (W/M) and came in the area I was sitting in and I express to him my distressful state of being and shortly thereafter Sgt. Patrick had Ofc. King (Co.I) (N.A./M) and Ofc. Williams (Co.I) (N.A./M) escort me to Staton Health Care Unit. It was so sudden Ofc. Williams and Ofc. King was instructed to take me immediately, so that no inventory of my personally

property nor was I properly processed out. Little did I know what I was in store for.

Upon arriving at station (S.C.F.) Health Care Unit off. King and off. Williams (transferring Officer) release me to prison. I was placed in a single cell under observation. This was known because the mental Health Staff told me I must stop masturbating.

I properly informed him while I'm in privacy (so I thought) I'm entitled to relieve my self of sexual passion as long as long as I don't affect or take away the rights of others. I'm not going to allow you'll to make a homo-sexual out of me. You can see you'll are already taking away any and every thing (we as men) use to keep our sexual passion in the bounds of moderation. Its not our fault that you'll have placed a large number of our women (women of our race) in these setting to be dishonor due to the long time we have been without a woman sexually. Neither is it our fault these male officer are married to the women and expect the inmates to look at these females any differently when 'our' condition (sexually) remains wanting.

I'm still uncertain what all the staff at this did to me while I was isolated and while I was in P-1 Under-isolated. Could be had sex with me, performed any kind of test or examination on me I did not consent too, nor could resist.

The area at station (H.C.U) I was expose to had an inmate named Jason Boyd housed there. In among the other(s) (several yards) subjected to treatment Hepatitis 'B' which the doc behind the cell he was housed in showed he was being treated for such disease (Hepatitis 'B'). Later Thursday night June 19, 2006 or early Friday Morning June 20, 2006 officers came through the Unit (H.C.U.) and test 'what appeared' to be with some type gun' for radiation 'level' in each cell which they started with the cell I was housed in, then went to test the 'level' in the other two (2) cells. I request on two

(2) occasion to see the shift commander (2nd) shift--thursday June 19, 2008 and again on third (3rd) shift--friday morning June 20, 2008.

I did see Sgt. Butler (Co.II) (M.A./F) on June 19, 2008 but she would not except the affidavits I had written on the tissues which were for Captain and the Warden and/or designee she specifically stated it was not for her and she could not take it to them. I ask her if she would return in about thirty (30) minutes I would write her one. I also informed her about 'this' contaminated area and referred to the mask she was wearing. She cut the conversation short on this note and stated I'll tell the captain. On her way out the second door she told the cubically officer "don't call me back down here".

On June 20, 2008 Friday was when I saw Sgt. Butler again (this time) with the Captain. She was a lady of her word. I talk with Captain ? then her shortly afterwards I was transferred back to Elmore (E.C.F.).

Conclusively, I was placed in area which subjected me to disease Hepatitis "B". Placed in an area which expose me to radiation, I did not consent to. Neglected by Prison Officials Staff to respond to such danger (I was expose to) in a different manner of them. Placed me in such danger. Convert the presumed observation to the described, description note herein.

DONE THIS THE 4TH DAY OF July, 2008
